

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1. (Amended) A method for ~~killing-inhibiting~~ glioma cancer cells in a subject wherein said glioma cancer cells express malignin, said method comprising administering to said subject an effective amount of a first dosage of a composition comprising malignin wherein said administration of said dosage stimulates the immune system of said subject to produce and release antimalignin antibody that binds and ~~kills~~ inhibits said glioma cancer cells.
2. (Previously presented) The method of claim 1 wherein the composition is administered as an approximately 1 mg dosage form.
3. (Original) The method of claim 1 further comprising administering a second dose of the composition ten days after administration of the first dosage.
4. (Original) The method of claim 3 further comprising administering a third dose of the composition ten days after administration of the second dosage.
- 5-13. (Canceled)
14. (Previously presented). A method for killing breast cancer cells in a subject wherein said breast cancer cells express Recognin-M, said method comprising administering to said subject an effective amount of a first dosage of a composition comprising Recognin-M wherein said administration of said dosage stimulates the immune system of said subject to produce and release anti-Recognin-M antibody that binds and kills said breast cancer cells.
